WHO IS CRE8IVE COFFEE

We are 100% Australian owned company. Our main business is roasting and wholesale supply of coffee to cafe's, restaurants and offices throughout Australasia. We use only the highest quality Arabica Coffee Beans from the equatorial region including Central & Southern America, the African continent, and Asia, for all of our varietal and blended coffees.

We believe that our coffee is as good as anything you will find anywhere in the world. We are not distributors, we manufacture the product and coffee is our passion.

Our business is built on the philosophy of using the best possible raw material, roasting technology, espresso machines and grinders. We pride ourselves in providing the highest standard of service, support and in-house training to our customers.

Everything we sell, promote, teach, or claim is proven through our own experience of 15 years dealing with coffee all the way from the green bean to the cup.

In addition, 24/7 customer support, guaranteed same day follow-up on all machine problems, stand by machine always ready, personalised roasting and labelling with your own branding to really drive your business

We are a one stop shop for all your coffee and tea related products and brand exclusivity, we do not supply multiple outlets in the same street or area.

Should you have any further queries please don't hesitate to contact us.

THE COFFEE BLENDS

We have 4 blends, plus our decaf, that are exceptional. One of these blends will suit the majority of customers, however Cre8ive Coffee specializes in tailoring blends to individual customer requirements*, and we can create any blend profile that a customer may desire.

At Cre8ive Coffee we roast on demand, therefore we request that orders be provided 24hours before required, ensuring an efficient delivery to you. All coffee is packaged in 1kg bags with the exception of decaf which comes in 250gm & 500gm bags. Coffee is dispatched with your personalized label and there is no minimum order.

We use four high grown A-Grade Arabica coffee's to produce a blend that provides a great complex flavour. A delicate sweet finish with hints of dark chocolate and walnut. **Our most popular blend for cafe's where the sweetness enhances Cappuccino's & Cafe Lattes.** For home espresso you need a good quality machine & grinder to capture the sweetness, this is also an excellent plunger and filter coffee.

A reasonably dark roast, multi-stage, blended post roasting and incorporating a small percentage of high quality robusta. **It has strong body, hints of berry and a great "zing" that cuts through milk based coffee's.** This is a sensational single short black, and one of the few where a small half dose of sugar actually complements the espresso.

Our Rainforest Alliance blend is a very high quality blend with a creamy flavour, good body, and a smooth clean finish with a hint of fruit but not too acidic. We use 3 A-Grade Central American coffees that perfectly complement each other. **This is a superb cup of coffee, and one of the smoothest double ristretto's you'll ever try. It is also good as a home plunger or filter coffee, and an excellent afternoon espresso pick me up.**

We use four of the world's best Arabica coffees together with our multi-stage roasting process to develop a truly excellent specialty espresso coffee. Rich in flavour, with a hint of chocolate and a finish of fine citrus sweetness. Complex and intriguing, you almost find something different each time. Our top coffee for dedicated espresso drinkers.

Our beans are decaffeinated using the patented chemical free Swiss Water Process. This process uses purified water and special caffeine filters to remove the caffeine without damaging the coffee flavour or leaving harmful solvents. We use an organic bean when available, and when roasted and brewed correctly it is hard to distinguish from "real" coffee.

**Customized blends require high volume purchases due to the minimum roasting sizes.*

BARISTA TRAINING

The team at Cre8ive Coffee have more than 10 years experience in the coffee industry from owning or managing coffee shops, restaurants and busy espresso bars to roasting the finest coffee from the green bean to the cup.

Our dedicated barista trainer, Daimen Gray, holds classes for beginners through to experienced baristas. With a logical & commonsense approach, we will explain the techniques for you to produce the perfect cup every time.

Some of the skills you will learn or refresh your knowledge with include;

- importance of the grind
- how to adjust the grinder,
- basic maintenance of the coffee machine & grinder
 - best techniques for heating milk,
 - Storage of coffee beans and grinds,
- trouble shoot with all things relating to coffee making

All new customers are provided with barista training for all staff at no cost with further brush up training at a minimum cost. Training takes place at our roasting facility/warehouse with on-going support being provided at your business.

Coffee Appreciation

Here at Cre8ive coffee we live and breath our craft and we love to share that knowledge with others. So for anyone interested we have a coffee appreciation course which covers green bean descriptions, history of coffee, roasting course, storage and preparation.

We can answer all of your questions relating to all things coffee and provide a fun experience roasting and bagging your own sample of coffee beans to take home.

For more information call Francine or Daimen on 075527 2717

About Silver Chef

Silver Chef has been helping businesses to fund their restaurant equipment needs for over two decades. We understand your unique challenges and provide solutions that enable you to achieve your full potential. Silver Chef Limited is a public company, listed on the Australian Stock Exchange in May 2005. Our national dealer network allows us to service customers across the country.

What can you fund?

Silver Chef offers funding for all types of restaurant and catering equipment through our Standard Option. And now, with the launch of our SWIFT Option, you can also fund a complete fit-out* - everything from stainless steel benches and shelves, to custom-made equipment, exhaust hoods and POS systems. *Please note: Silver Chef does not fund tabletop items.

How it works

Our Rent-Try-Buy® Solution is perfect for restaurateurs and caterers who want to keep their options open. Because, with the Rent-Try-Buy® Solution, you aren't locked into a long-term contract. Instead, we offer a 12- month agreement, so your business has the flexibility to:

- Purchase equipment at any time during the first 12mths & receive a 75% rebate.
- Return equipment at the end of the 12-mth agreement if it is no longer required.
- Continue to rent – and we'll simply continue to reduce your purchase price.
- Upgrade should you decide your business has outgrown the original equipment.

Key benefits

Great benefits of the Silver Chef Rent-Try-Buy® Solution include:

- Low weekly rental repayments.
- The chance to free up your valuable working capital.
- The ability to try before you buy.
- Peace of mind, you're not stuck with equipment that isn't perfect for your needs.
- A 12 month agreement – don't get locked into a long term lease.
- No directors' guarantees, so you don't have to put your house on the line!
- Rental payments are 100% tax-deductible.
- Renting is off 'balance sheet', enabling you to borrow for future expansion.

How do I apply

To apply for the Silver Chef Rent-Try-Buy® Solution, simply complete our easy one page application form available from your Cre8ive Coffee sales team member or online at www.silverchef.com.au
